

BI.01.12 Tyre hazard awareness for all personnel

(Accountable - Operations Manager (Unassigned))

Expectations

General tyre emergency tyre hazard awareness training for all employees that uses information from actual incidents.

Specify

General awareness training covers:

- Providing information on the release of energy from tyre and rim failures covering what could be the line of fire
- Quarantine distances and timing - not to approach after lightning strike, HV contact or fire

Implement

Develop a schedule for awareness training.

Monitor

Awareness training completed to schedule.
