

# **BI.02.03 Tyre maintainers have access to purpose designed and rated wheel assembly stands and jigs**

*(Accountable - Company 2 Representative (Unassigned))*

## **Expectations**

Enough purpose-designed and suitably rated assembly jigs and inspection stands are available.

## **Specify**

Enough purpose-designed and suitably rated assembly jigs and inspection stands are available based on the work being undertaken. Stands and jigs protect workers from falling wheel assemblies, rim components, tools and other objects.

## **Implement**

Pre task checks confirm that suitable stands and jigs are available before work begins.

## **Monitor**

Stands and jigs are in use, regularly inspected and maintained so that they meet site and external requirements.
