

CFM00.03 - Personnel undertaking tyre maintenance are unsupervised

Inadequate supervision results in:

- Sub optimal work standards
- No professional development for tyre maintainers i.e. they do not increase their knowledge and capability
- Critical checks are not done or are overlooked by maintenance workers

Credible Failure mode is addressed by:

- 🛡️ BI.00.03 Clear employee performance management expectations supported by an active and consistent performance management process
- 🛡️ BI.00.04 Supervisors apply fit for purpose performance management processes
- 🛡️ BI.05.01 Tyre management accountabilities are assigned and documented
