

BI-01P.06 Give way requirements information prepared for mobile equipment operators and pedestrians

Expectations

Site give way requirements are documented and communicated in a style that is appropriate for the audience.

Specify

Training modules for vehicle operation and pedestrians should include specific information on give way requirements for all relevant scenarios and intersection types. Training should be assessed to ensure that personnel understand:

- Right of way
- Hierarchy of vehicles
- Intersection approach speeds
- Intersection spacing requirements

Implement

Training and assessment of vehicle operator and pedestrian understanding of give way requirements
