

BI-00D.02 External to site obligations are effectively met.

Expectations

The site Traffic Management Plan (or equivalent) documents and monitors how relevant external to site expectations are met

Specify

The Traffic Management Plan (TMP) documents how relevant external to site expectations are met for:

1. Regulatory and legal obligations;
2. Company requirements;
3. International Standards.

Implement

External expectations and obligations are mapped to business inputs that have been assigned to accountable people.
