

BI-00S.01 Senior management review, update, and confirm the Traffic Management Plan as being fit-for-purpose by senior management:

Expectations

Senior manager periodically confirm that the site Traffic Management Plan (or equivalent) is fit-for-purpose.

Specify

The Traffic Management Plan is reviewed, updated, and confirmed as being fit-for-purpose by senior management:

1. After high potential mobile equipment incidents;
2. Before significant operational changes e.g. engagement of contractors, opening of new production areas, deployment of new equipment etc
3. Before the introduction of new technology e.g. mobile equipment operator fatigue monitoring, proximity detection systems etc.
4. Periodically - at least annually.
