

# **BI-01P.05 Site clearance requirements and processes for accurately estimating distances - information prepared for Operators**

## **Expectations**

Site clearance requirements are documented and communicated in a style that is appropriate for the audience.

## **Specify**

Training modules for vehicle operation and working around vehicles includes specific information on estimating distances and allowing for adequate clearances.

## **Implement**

Training and assessment of Vehicle Operators covers confirming they understand how to estimate distances when moving close to objects when parking / positioning.
