

CFM-5ST-10 Regulator prosecution

The regulator responds to a mobile equipment incident, including response by:

- Ordering operations to cease until changes are made
- Launching enforcement proceedings against the company
- Launching enforcement proceedings against company officers

The consequences for the operating site include a loss of production, legal costs, increased operating costs, representational damage, prosecutions and fines

This Credible Failure mode is addressed by:

- 🛡️ BI-00D.02 External to site obligations are effectively met.
- 🛡️ BI-01S.02 Pre-commencement and periodic medicals for mobile equipment operators
- 🛡️ BI-05D.01 Clear accountabilities for managers, superintendents and supervisors are included in comprehensive, site relevant road design guidelines and traffic management plans
